

CONSENT FORM FOR PARTICIPANTS RELATED TO RENEWABLE ENERGY LANDSCAPES

Planning and Engagement Arenas for Renewable Energy Landscapes

H2020-MSCA-RISE-2017-778039-PEARLS

We are asking whether you would like to take part in a European project to understand how the use of renewable power sources transforms people's relationships with energy and their perception of the landscape. Before you give consent to participate in the study we ask that you read the Information sheet and mark each box below if you agree. If you have any questions or queries before signing the consent form, please speak to the person in charge.

Please initial box after each statement:

1. I confirm that I have read the information sheet and fully understand what is expected of me in this study. 2. I confirm that I have had the opportunity to ask any questions and to have them answered. 3. I understand that my participation will be audio recorded and then made into anonymised written transcripts stored securely at the University of Seville (Spain) for the time necessary to comply with the purpose for which the audio recording was made and to determine the possible responsibilities that may arise from said purpose and the processing of the data and then deleted. The provisions of the archive and documentation regulations and, when appropiate, tax regulations shall apply. 4. I understand that visual recordings will be stored securely at the University of Seville (Spain) for the time necessary to comply with the purpose for which the recordings were made and to determine the possible responsibilities that may arise from said purpose and the processing of the data and then deleted. The provisions of the archive and documentation regulations and, when appropiate, tax regulations shall apply. 5. I understand that I am not obliged to take part in this study and can withdraw participation before, during, or up to 2 weeks after an interview, audio or video recording as far as possible up to publication of the final results. 6. I understand that the information from the interview, audio or video will be pooled with other participants' responses, anonymised and may be published. 7. I consent to anonymised information being used in project activities, such as publications, conferences and on the project web site. 8. I understand that any information given by me will remain strictly confidential and anonymous.
